

Spot the Difference

Overall Details

Objective	<p>To educate children on Singapore's native biodiversity and the natural habitat in which they can be found, namely:</p> <p><u>Coastal and Marine Habitat</u></p> <ul style="list-style-type: none"> ● Dugong (<i>Dugong dugon</i>) ● Knobbly Sea Star (<i>Protoreaster nodosus</i>) ● Blue-elbowed Hermit Crab ● Hawksbill Sea Turtle (<i>Eretmochelys imbricata</i>) ● White-collared Kingfisher (<i>Todiramphus chloris</i>) ● Giant Mudskipper (<i>Periophthalmodon schlosseri</i>) ● Rosy Fiddler Crab (<i>Tubuca rosea</i>) ● Flower Disc Coral (<i>Turbinaria peltata</i>) ● Pink Warty Sea Cucumber (<i>Cercodemus anceps</i>) <p><u>Rainforest Habitat</u></p> <ul style="list-style-type: none"> ● Lesser Mousedeer (<i>Tragulus kanchil</i>) ● Oriental Pied-Hornbill (<i>Anthracoceros albirostris</i>) ● Banded Wolf Snake (<i>Lycodon subcinctus</i>) ● Green Paddy Frog (<i>Hylarana erythraea</i>) ● Sunda Pangolin (<i>Manis javanica</i>) ● Asian Trap Jaw Ant (<i>Odontomachus rixosus</i>) ● Horsfield's Flying Squirrel (<i>Lomys horsfieldii</i>) ● Spiny Hill Terrapin (<i>Heosemys spinosa</i>) ● Six-banded Tiger Barb (<i>Systemus hexazona</i>)
Summary	<p>This activity engages participants in a fun childhood activity of spotting the difference between two seemingly identical pictures which features Singapore's native biodiversity.</p> <p>It also doubles up as a colouring activity after completion of the activity.</p>
Duration	<p>30 - 45 min</p>
What Participants will need:	<ul style="list-style-type: none"> ● Spot the Difference Uncoloured Template ● Spot the Difference Coloured Template ● Colour Pencils ● Pencils
Remarks	<p>-</p>

Activity Description

a) General Instructions

No.	Instructions	Comments
1	Find the features that are not matching with respect to the reference picture and circle them.	<p>Parents can use the time to share some fun facts regarding the animals which are featured in the activity.</p> <p>When the child identifies the missing features, parents can explain to them the importance of these features.</p>
2	Colour the uncoloured template by referencing the coloured template given.	<p>See Annex A</p> <p>Parents can use the time to share some fun facts regarding the animals which are featured in the activity.</p>
